cee Governments have been negotiating with the Sultan for the cruiser for a month past through the Citoman bank, an English corporation in Turkey. The latter transacts nearly all of the financial business in Turkey, and has practically the control of all the Government's cash. Representatives of Ruszla and Japan have been working through the bank, hidding higher and higher as the war fever increased, until, it is claimed, the Japanese offered half a million dellars more than the cruiser cost, after which the Russian representative withdrew.

The Medjidic cost about \$2,030,600 and the Cramps are under contract to deliver her in Constantinople, when the balance due will be paid. Should the sale be made, the cruiser will be turned over immediately to Japanese officers who are at Scattle awaiting orders from home to proceed to Philadelphia.

The Medjidic on her trial text developed a speed of 22.24 knots. The guns for her have been made will be shipped to Japan via the Suez canal and mounted in the navy varies in Yekohama. When in commission she will be manned by 400 men and will have a battery of fourteen guns.

NO BREACH OF PEACE AT PRESENT.

Tokio, Jan. 8.—The Japanese Government has practically determined to continue negotiations. It is dissatisfied with Russia's latest terms, but does not feel warranted in issuing an ultimatum or breaking off negotiations and will make another effort to secure their modification before resorting to force. It is anticipated that the discussion will consume a few weeks, during which interim a breach of the peace is very improbable.

MAY AVOID CONFLICT.

French Government Believes War Will Be Averted.

Paris, Jan. 8.-The Associated Press learns that in the opinion of the French Government there is a chance of avoiding a conflict between Russia and Japan as a result of a concession made by Russia in her latest note. The dispatches which have come to Paris from all quarters today have been most pessimistic, and the hopefulness of the Government is in strong contrast with them. It appears that Russia's concession relates to the recognition of the prepon-

Morales gunboats denvered ultimatum and threatened bombard Puerto Plata after twenty-four hours' notice With concurrence of Capt. Robinson of the English cruiser Pallas, made such representations to both sides that they have agreed, the one not to bombard and the other not to fire on gunboats. All fighting will be confined to land side.

The French Government denies the seu-sational reports to the effect that it has ordered a division of warships and troops to China. Only one French ship is under instructions to proceed to the far East. Recognizing the situation as dangerous, there is talk in official and diplomatic circles of the advisability of separate or joint mediation by the powers who de-sire peace in the far East. It is said this could properly be done in accordance with The Hague conven-tion without giving offense to either Rus-sla or Japan. The French Government denies the

tion without giving oftense sha or Japan.

The seni-official Temps expresses the view prevailing by calling attention to the fact that Great Britain, France, the United States and Germany are all interested in the maintenance of peace, urging that to prevent efforts with friendly intervention by saying that one power or the other would become effended, is contrary to the interests of the Government, and humanity.

MEDIATION IS SUGGESTED.

Resolution Introduced in the House on the Subject.

Washington, Jan. 8.-Representative Slayden (Dem., Tex.) introduced a resolution in the House requesting the President to tender the good offices or mediation of the United States to Russia and Japan. The resolution follows:
"Whereas, by the provisions of The Hague peace convention of 1899, tender of good offices or mediation by a nation, stranger to a dispute, cannot be regarded as an unfriendly act, and, "Whereas, By said convention it is made the duty of signatory powers, if serious dispute threatens to break out between two or more of them, to

DISCUSSED IN SENATE Animated Debate Occurs in

STATUS OF MINISTER

BUCHANAN

Executive Session.

DIVISION ON PARTY LINES

Constitutional Right of President Was the Issue.

Democratic Point Raised That Roosevelt Had No Right to Create Position Without Consent Senate.

Washington, Jan. 8.-In a execuive session of the Senate today the nomination of W. I. Buchanan to be Minister to Panama was discussed for more than two hours, the debate being confined entirely to the constitutional right of the President to appoint a Minister to the new Republic without the co-operation of the Senate.

The point was raised by the Demo crats that the position to which Mr. Buchanan was nominated was not in existence when the appointment was made, and that the President had no right to create the position except with the consent of the Senate. The Democrats who supported this position were Senators Morgan, Bacon, Bailey, Pettus and Blackburn.

The Republican Senators almost unanimously supported the action of the President. They declare he acted wholly within his constitutiona' rogative. The principal arguments on that side of the quustion were made by Senators Lodge, Cullom, McComas, Spooner and Allison. No decision matter would be considered again on Monday

The status of Mr. Buchanan, who is now at Panama acting virtually as Minister of the United States was discussed at length. The general current of the debate divided on party lines, though questions propounded by Sen-ators Spooner and Heyburn, both Re-publicans, showed they entertained some doubts as to the legality of Mr. Buchanan's acts at Panama until he is confirmed as Minister by the Senate,

When the Senate went into executive session word was passed about among the Republicans that when the arguments were practically exhausted a motion should be made to table Sentor Morgan's resolution to reconsider the nomination. A motion of that char-acter is not debatable. Some of the acter is not debatable. Some of the arguments made by the Democrats, it is said, demanded thorough considera-tion, and the plans of the Republicans to conclude the debate were not carried into effect.

Tribe. (TRIBUNE SPECIAL.) Boise, Ida., Jan. 8 .- The Bannock In-

dians have a new leader in the person of Wallace Green, who has obtained official recognition from the State administration as chief of the tribe. Green is a son of Rig Chief Tage, former ruler of the

Bannocks.

A few weeks ago the Shoshones sent a distinguished delegation to Botse for the purpose of having Chief George recognized as the successor to his famous father, Chief Jim. Prompted by the success of the Shoshones, the Bannocks, who were without a tribal leader, decided to put forward Wallace Green as their chief.

put forward Wallace Green as their chief.

This morning a delegation of ten Bannocks waited upon Gov. Morrison and presented their credentials, which showed them to be of good repute. Among the delegates was Teton Bill, a descendent of the distinguished Madison John, who carried the credentials of the latter transmitted to him. These credentials were supported by a recommendation to Gov. Morrison to be treasured with them for further reference.

After satisfying himself that the delegates really did represent the will of the tribe to which they belonged, Gov. Morrison accredited Wallace Green as chief of the Bannock tribe on the Fort Hall reservation.

MUST WORK SEVEN HOURS.

Government Employees Will Have to Earn Salaries in the Future.

Washington, Jan. 8.-Uhanimous decis-

ion was reached by the Cabinet that the hours of labor for Government employees shall be from 2 a, m until 1:30 p. m., a thus far to restrain his people from an half-hour of that time being allowed for luncheon. The new regulation will apply only to the executive departments, and will go into effect next Monday. Heretofore the departmental hours have been
from 9 until 4 o'clock, with a half-hour
for luncheen. The decision reached today affects not only the employees in
Washington, but also those in the departments throughout the country.
The question was raised by the Appropriations committees of the House and
Sorate on applications made to them by
the heads of several departments for additional clerks. It was pointed out by
the committee that the law distinctly
provided that employees of the departments should work seven hours a day,
and that, under the present system, the
Government was getting only six and a
half hours of labor. The committees
urged that, as a matter of economy in
the employment of additional assistance
in the departments, the present employees
ought to be required to work full zeven
hours.
The subject was considered carefully by will go into effect next Monday. Here-

hours.

The subject was considered carefully by the Cabinet and the legislon reached was announced. It will affect approximately, it is raid, 100,000 employees of the Government.

UP TO THE PRESIDENT.

All Papers in the Case of H. Smith Wooley Have Been Sent to Executive.

[TRIBUNE SPECIAL.] Washington, Jan. 8.-Secretary Shaw is unable, after investigation into the charges that have been brought against H. Smith Wooley of Bolze, to determine whether or not this man indorsed by Sen-ator Heyburn and Representative French, should again be nominated by the Presi-dent to be assayer of the Boise office. He has therefore transmitted all the papers to the President and shirked all responsi-bility, leaving the decision chilrely with the President. bility, leaving the decision chilrely with the President. The investigation made by Treasury In-

spector Ball was far from convincing and leaves much to be desired. This report, however, is largely offset by representa-tions made by Heyburn and French, who claims that the President, when he re-views both sides of the case, will reappoint Wooley.

EPIDEMIC OF TYPHOID.

One Thousand Cases of the Fever Are Now Being Treated in Montreal. Canada.

Montreal, Jan. 8 .- There are approximately 1000 cases of typhoid fever in Montreal and the half dozen smaller municipalities which join it on the three sides. The health officers of the various suburbs say fresh cases are being reported constantly despite their efforts to check the disease. In the city proper the number of cases is far less than in the suburbs.

Gen. Reyes has advices from Colom bla that the feeling there continues to run high against the United States and while the preparations are being made for hostilities, Gen. Reves has been able outbreak.

It is quite possible that upon receipt of the State department's reply to his last note, Gen. Reyes will leave this city immediately for Colombia. In that event, Dr. Herran, the Colombian charge, will close the legation and re-turn home, thus marking the breakingoff of diplomatic relations between this country and Colombia.

WARSHIPS AT COLON.

Fleet Is Assembling There for the Purpose of Making a Hostile Demonstration.

Panama, Jan. 8 .- A fleet of warshing is assembling at Colon, presumably with the purpose of making a hostile demon-

stration against Colombia. The authorities will insist upon the withdrawal of the Colombian army now lined up across the border this side of the Atrato river. Naval officers feel certain that it is the intention to com-pel Colombia either to withdraw her troops or to fight.

All the warships are due at Colon be-fore Tuesday, prepared to start imme-diately for Titumati or Cartagena. It is believed in Colon that the Colombians are ready to fight.
